What Makes Us Special

- **A Beautiful, Purpose-Built Clinic**
We've just completed a major renovation! Think: a dedicated dental suite, two sterile surgeries, seven consult rooms, a spacious vet office and lunchroom. Many visitors say it's one of the best GP clinics they've seen.
 Take a look at our clinic
- **Supportive Team Environment**
With 7–8 vets rostered each weekday, 3 on Saturdays, and 2 on Sundays, you'll never feel alone tackling a tricky case.
- **Amazing Nurses & Receptionists**
Our nursing and support team are highly trained, proactive, and genuinely enjoy working alongside our vets to keep the day running smoothly.
- **Interesting Cases & Committed Clients**
We see a wide variety of cases and work with owners who are dedicated to getting the best care for their pets.
- **30-Minute Consults & Protected Procedure Time**
No rushing between consults—we value quality care and time to do things properly.
- **Room to Grow**
Whether you want to develop a special interest or strengthen your GP skills, we've got mentors with advanced ultrasound, medical, and surgical expertise ready to support you. We also back our vets with CE funding and have supported everything from conferences to Masters programs.
- **In-House Training**
Recent sessions have covered dentistry, CPR, emergency care, radiology, anaesthesia, snake bites, and tick paralysis. We also run a structured ultrasound training program led by our skilled team.
- **Organised Rosters**
We plan 3–6 months ahead so you can plan life outside of work.
- **All the Equipment You'd Expect**
Plus a team culture that genuinely wants you to thrive.

- **Fair Pay for Every Hour Worked**

We don't believe in "reasonable unpaid overtime." Your time is valuable, and we respect that.

- **Remuneration**

Total remuneration package to be negotiated with the successful applicant to reflect skills and experience.

Who We're Looking For

- A vet who loves animals and enjoys being part of a busy, collaborative team.
- Someone with a great attitude and enjoys being part of a team - if you love being a vet, we'll help you love where you work.
- A team player who shares our values: communication, humour, enthusiasm, respect, teamwork, and trust.
- Availability for some weekend shifts (most work is Monday–Friday).
- Weekly hours are flexible—we'll find a roster that suits you.

Start Date: Early November 2025

The Real Talk

Yes, we're busy. But we love what we do. Sometimes lunch might be a little late or you'll stay back a bit to help a teammate—but we believe those moments are where the best learning and most rewarding experiences happen.

Who We Are

- Independently owned and locally run.
- A team of 54 passionate people across two clinics.
- Open 7 days a week for continuity of care.
- Regular team meetings and training sessions.
- A strong history of long-term vet employment – 7 vets (of a total team of 15) have been with the business over 8 years.

Hear From One of Our Vets

“I joined PRAH in mid-2020 after hearing great things from both GP and specialist vets. The team is welcoming and supportive, and you get time to properly work up cases. Mental health is genuinely valued, and CE is a priority. The nurses are skilled and trustworthy, and rosters are planned months ahead. If you want a workplace that’s supportive, interesting, and enjoyable—this is it.”

How to Apply

Send your **cover letter and resume** to **Nigel Thomas** at
